Welcome to IMPACT's Opening Doors to the Pacific Alliance Countries for U.S. Manufacturers, an exciting program to assist you to increase exports which is partially funded through the U.S. Dept. of Commerce Market Development Cooperator Program. We are delighted to have you join this 3-year initiative!

The purpose of this grant funded program is to increase U.S. exports to Pacific Alliance countries. It focuses on manufacturers who supply the construction/infrastructure industry. We will prepare you to enter this market through a variety of mechanisms tailored to your needs. Among the benefits which will be available to you are: translation to Spanish up to a four page brochure and product label description; Orientation to the Pacific Alliance markets with hands-on assistance; Matchmaking with agents, distributors or direct purchasers through a trade mission coordinated in partnership with the US Commercial Service Gold Key service; attendance at a major industry trade show during the trade mission; interpretation and group transportation services and impact sales follow-up.

As a participant, you will be responsible, quarterly, for submitting success information such as dollar value and number of Pacific Alliance bound export sales (deliveries or contracts for goods or services), joint ventures established and similar measures of achievement throughout the course of the program. Reporting will be conducted through quarterly surveys. We are obligated to American tax payers to report this information. This information is confidential. The International Trade Administration does not share your success information unless you expressly agree to it. To confirm your commitment, please read the following Success Agreement statement and sign and date in the designated area.
